

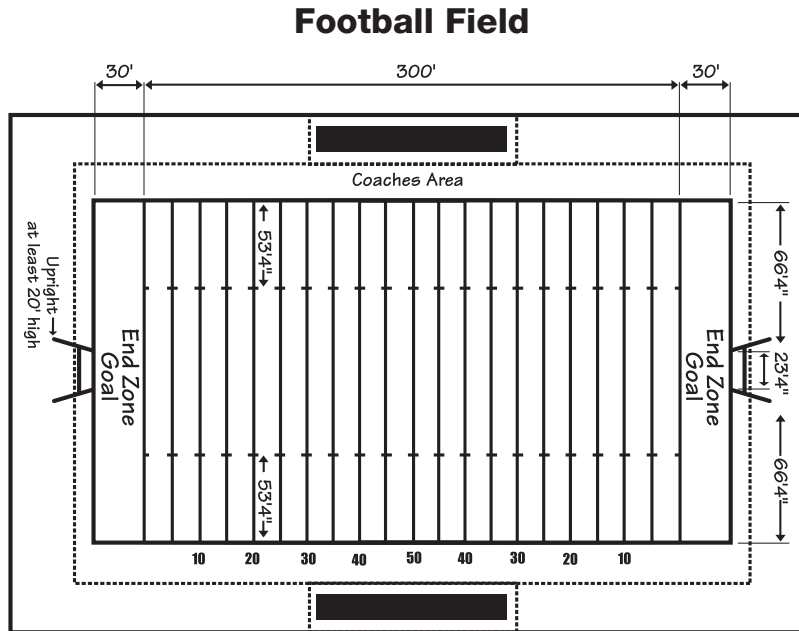

Graphic Sources

Directions Study the following graphic source. Then answer the questions below.

1. What is pictured in this graphic source?

2. In what way might a graphic source like this help a reader?

3. How would you describe the location of the goals on the field?

4. How long is the field, including both end zones?

5. On a separate sheet of paper, write a paragraph that could accompany this graphic source.

Home Activity Your child used a graphic source to answer questions. Together, design a graphic source that could accompany an article you have read in a newspaper or magazine.
